

PLAN

...The hiss of the turbine, the blades that cut through the air..on board as you climb everything gets smaller.From the cabin the panorama expands more and more.A few minutes and you are deposited on that mountain that from down there seemed so far away..Everything around is pristine white.All this is Heliskiing... and reaching Zermatt is not just a dream..

-TestaGrigia-baptism of the air (medium difficulty level)It's the trip with the shortest flight, there's no skiing on the glacier.

Zermatt tour (Good skiing level)From 4000 m, descent on the glacier to the Zermatt facilities (Furi), ascent to the Plateau Rosa and return through the Courtod valley.

Heliskiing on the giacer (Good skiing level) From 4000 m, descent through the Lys or Verra glaciers, possibility of recovery for a second rotation.

**destinations are based on glacier and weather conditions.
