

Easy mixed ridge, ideal for starting to take your first steps on this type of terrain, where rock and snow alternate in fun passages.

Depending on your preparation, you can end at Punta Giordani (4046 m) or Piramide Vincent (4215 m)

It is one of the unmissable classics of Monte Rosa and a testing ground for more challenging ridges.

Climbing program

Meeting at the departure of the lifts in the morning, material check and go up with the first cabin to Punta Indren, from there crossing the glacier of the same name and from Bors valley you access the ridge clearly visible from the Passo dei Salati.
